EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Kelly on 21 June 2007.
3. The application has been amended as follows:
4. In the Title, please delete the phrase "AND METHOD FOR PRODUCING THE SAME."
5. In Claim 1, line 8, please delete the word "and." In Claim 1, line 9, after "2.0%", please introduce the phrase --, and Mo: 0.01 to 0.5%,--. In Claim 1, line 12, please rewrite the phrase "expression," as --expressions:--. In Claim 1, between lines 15 and 16, please insert the phrase --with the relationship between Ni and Mo satisfying the expression: $\frac{1}{20} \times \text{Ni} (\%) \leq \text{Mo} (\%) \leq 10 \times \text{Ni} (\%)$;--. In Claim 1, at the end of line 16, after "20 %", please insert the phrase --by volume--.
6. In Claim 27, line 2, please delete the phrase "one or both of." In Claim 27, line 3, please insert a period after the phrase "0.5%" and delete the remainder of the claim.
7. In Claim 28, line 2, please replace the word "to" with the word --or--. In Claim 28, line 6, please change the comma following the word "expressions" to a colon. In Claim 28, penultimate line, please introduce a semicolon at the end of the line.

REASONS FOR ALLOWANCE

8. The following is an examiner's statement of reasons for allowance:
9. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4 June 2007 has been entered.
10. With respect to the Examiner's Amendment set forth above, the substantive claim amendments were necessitated in order to render definite claims that are enabled and supported by the originally filed Specification.
11. These amended claims avoid the prior art for the reasons argued in applicant's traversal arguments and for the reason that the prior art does not teach steel having the claimed molybdenum and retained austenite in combination with the other claimed limitations.
12. Claims 1 and 27-30 are allowable.
13. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
